

NOYO CHAPTER

**AMERICAN RHODODENDRON SOCIETY
45th ANNUAL JOHN DRUECKER MEMORIAL
May 4 & 5, 2024**

Welcome to the 2024 Rhododendron Show and Plant Sale, sponsored by the Noyo Chapter of the American Rhododendron Society.

The location for this 45th annual show is Mendocino Coast Botanical Gardens, Fort Bragg. The hours of operation are from **9 a.m. to 5 p.m. on Saturday and 10 a.m. to 4 p.m. Sunday.**

Visitors to the show will find dozens of rhododendron species and hybrids on display. While many of the flowers are from plants common in the North Coast landscape, others are new or hard-to-find varieties not usually seen in home gardens. The members of the Noyo Chapter are pleased to be able to share these flowers with everyone visiting the show.

This booklet provides rules for entries and the classifications of those entries. In addition, guidelines for preparing entries and entry tags are included.

Member exhibitors are encouraged to bring their entries to the show Thursday, **May 2nd** evening between 3 and 7 pm, or Friday morning **May 3rd** from 9 am to 12 pm. Entry tags will be available at the March and April chapter meetings, as well as at the Show. Exhibitors bringing flowers to the Show on Friday morning are asked to complete the entry tags ahead of time. **The deadline for entering is noon on Friday, May 3rd.**

Exhibitors need not be members of the Noyo Chapter or the ARS. Non-members are eligible for all awards, although trophies will remain in the custody of the chapter.

Judging will begin at 3 p.m. Fri. **May 3rd.** Plants will be available for sale starting at 9:00 a.m. on Sat. and 10:00 a.m. on Sun.

The **People's Choice Award** will be judged by show visitors **on Saturday.** Saturday visitors may vote for any entry from any class for the People's Choice Award. Be sure to get your ballot and vote for the People's Choice.

If you have rhododendrons and azaleas blooming in your yard during the Show please bring in a flower truss or spray to share with us all. If you need help identifying your unknown rhododendron entries, expert help will be available to you.

Enjoy the Show

RULES

- I. The Show will be held at the Mendocino Coast Botanical Gardens, Fort Bragg, CA. and will be open to the public from 9 a.m. to 5:00 p.m. Saturday **May 4** and 10 a.m. to 4:00 p.m. Sunday, **May 5**.

On Sunday, exhibitors may pick up their entries, ribbons, and entry cards after 4 p.m.

- II. Show competition will be open to Noyo Chapter A.R.S. members, and the general public alike.
- III. When possible, questions about entries should be settled prior to Show date. Where questions as to classification arise, first authority will be the plant list. Final authority on unlisted entries belongs to the members in charge of classification, using the references listed at the end of these rules. Time limitations do not allow for discussion of categories on the floor during setup.
- IV. All entries must be accompanied by a completed Entry Card. (See sample.) Assistance in completing the Card will be provided at the Exhibitor's entrance for non-members and for members unable to properly identify or classify an entry. **Entries may be submitted between 3 p.m. and 7 p.m. on Thursday, May 2 or on Friday, May 3 between 9 a.m. and noon.**

If possible the Entry Cards should be filled out before bringing entries to the exhibit hall.

CLASS: Put **both** the class number and name of the class. For example, "#16 - Blood Red".

PLANT NAME: Put either the species or hybrid name. For Example, "Radium" is a hybrid that belongs to Class #15B.

EXHIBITOR: Put the name of the person exhibiting the entry.

PHONE: Put the exhibitor's telephone number here. This will facilitate returning entry cards for use another year and distributing ribbons and trophies.

- V. Entries, accompanied by a completed ENTRY CARD will be accepted before the show when the tent set-up is finished. **No entries** will be accepted for judging **after 12 noon** on the day before the show. Late entries may be exhibited after judging is completed. Be sure to arrive with your entries **by noon**. **Judging begins at 3 p.m. on Friday, May 3.**

VI. Judges may not serve more than 2 years consecutively, and Noyo Chapter members will not judge, except in an emergency. **Judges may enter** plants of their own or from others for competition. They may not participate in the judging of a group that includes their own entries.

VII. Judges shall judge all entries by the classification in which they are entered and appear in display. If there are **6** or more of a particular variety (e.g. Vulcan in Class 15 or plants with similar parentage or form, e.g. Taurus & Grace Seabrook) then those plants will be put into a subclass (i.e. Subclass 15a) and judged separately. If the judges feel that the entries in either the original class or the subclass warrant recognition then appropriate ribbons will be awarded in the normal fashion. If the particular class qualifies for a trophy then the judges will decide which of the blue ribbon winners shall be awarded the trophy.

No hybrid entry may be in both the appropriate Class 23 subsection and the appropriate large hybrid class (i.e. #1 - #17).

VIII. Judging Criteria Guidelines

1. Regarding size, color and form, the flowers and leaves should be judged according to that variety.
2. The flower should present itself well at the time of judging.
3. While upright stems are traditionally desirable, 'facing' trusses may be judged as desirable.
4. The bloom should be free of extraneous material.
5. Up to 3 unopened florets should not count against the entry.
6. To encourage exhibitors to minimize the use of chemicals on their plants and to encourage more people to enter flower trusses and sprays in the show even if they have some leaf damage, leaf condition shall not be used to downgrade a flower truss. Leaves shall only be used in judging to separate flower trusses first judged to be tied based on the flowers alone.

IX. DISQUALIFICATIONS:

1. No flowers or plants may be exhibited if artificially groomed.
2. Debris may be removed, and exhibit may be rinsed with plain water if desired.
3. No other enhancement is permitted.
4. Hammer-heads are disallowed except in Classes 25 and 45. A hammer-head appears to be a single truss, but actually is the result of more than one bud on a single stem.
5. Sprays that exceed the size limitations **may** not be allowed for judging.
(Members placing entries should check for violations.)

X. No person may submit more than one entry per variety per class, with the exception of species, when there is more than one form or variety.

XI. Only chapter members will be permitted on the floor during placement of entries. Only, judges and those designated by the Show Chair will be permitted on the floor during judging.

XII. Ribbons will be awarded on merit as determined by the judges. One each: first, second, and third place ribbon **shall** be awarded in each class. At their discretion, Judges may award as many Honorable Mention ribbons **in each class** as they feel appropriate.

XIII. TROPHIES ARE OPEN TO ALL ENTRANTS. All trophies are perpetual (rotating) trophies. In the event a trophy is awarded to an exhibitor who is not a Noyo Chapter member the trophy will remain in the custody of the Chapter. The Sweepstakes Trophy will be accompanied by a framed photograph, which the winner will keep.

The following is the list of Trophies:

- A. **Best of Show – Helen Druecker Memorial Trophy** - for best entry regardless of class
- B. **Best Noyo Chief** - Class 1
- C. **Best White Rhododendron - David and Rhoda Ward Trophy** - Class 2 & 3, plus any smaller white hybrids and white species blue ribbon winners.
- D. **Best Pink Rhododendron - Mendocino Coast Botanical Garden Trophy** - Classes 7-10 plus any smaller pink hybrids and pink species blue ribbon winners.
- E. **Best Lavender Rhododendron - John and Gail Vollmer Trophy** - Class 11, plus any smaller lavender hybrid and species blue ribbon winners.
- F. **Best Red Rhododendron - Celeri and Son Nursery Trophy** - Classes 14, 15, 16, 17, plus red small hybrids and species blue ribbon winners.
- G. **Best Yakushmanum Hybrid Truss - Bill & Lorraine Fee Trophy** - Class 21
- H. **Best New Seedling – Peter Schick Memorial Trophy** - Class 22
- I. **Best Evergreen Azalea Spray - Philip B. Cornell Memorial Award** - Class 27
- J. **Best Foliage (Species or Hybrid) – Ted Steinhardt Memorial Trophy** - Class 32
- K. **Best Deciduous Azalea Spray - Rose Turner Award** - Classes 29 or 38
- L. **Best Deciduous Azalea Truss - Lloyd G. Turner Memorial Award** - Classes 30 or 42, 43, or 44.
- M. **Best Occidentale - Rosalie Stanley Memorial Trophy** - Class 40
- N. **Best Small Species Rhododendron - The Philp Family Trophy** - Classes 44-45
- O. **Best Large Hybrid Spray - Bluewater Trophy** – Classes 46-50
- P. **Noyo Chapter Youth Trophy** – Class 51 – Open to entrants under the age of 18
- Q. **People's Choice Award** - any entry selected by a vote of the public attending the show. Voting will be open until 5 pm of the **first day (i.e. Saturday) of the Show**.
- R. **Sweepstakes Trophy** – Awarded according to the highest accumulated score as follows:
First Place – 3 points; Second Place – 2 points; Third Place – 1 point

XIV. All entries will be displayed and judged according to the following criteria:

- A.** truss and spray size definition, **B.** classification, **C.** species list, and **D.** hybrid list.

A. Truss and Spray Size Definition

Size	Truss	Spray
Dwarf	less than 2"	less than 4"
Small	between 2" & 4"	over 4" – less than 8"
Medium	over 4" – less than 6"	over 8" – less than 20"
Large	6 " and over	over 12" – less than 24"

Classification is based on the size of the truss.

A **truss** is a group or cluster of flowers from a single bud on a single stem.

Size is in any dimension, and **height** of spray is above the bottle neck.

A **spray** is two or more trusses, each on its own stem, connected to a common branch.

B. Classification

<u>Class</u>	<u>Description</u>
1-17	Hybrids: large truss by color (excluding large trumpet Maddenii Series hybrids, Class 18 and Big Leaf Series Class 31).
1	- Noyo Chief
2	- White
3	- White with Blotch
4	- Picotee (a variety of flower whose edge is a different color than the flower's base color)
5	- Cream/Yellow
6	- Apricot/Peach
7	- Pink with Blotch
8	- Light Pink
9	- Medium Pink
10	- Deep Pink
11	- Lavender
12	- Purple
13	- Orange
14	- Scarlet/Orange-Red
15A	- Light/Medium Red
15B	- Bright Red

- 16 - Blood Red
- 17A - Blue Red
- 17B - Darkest Red
- 18 - Maddenii Series Hybrid – (at least 50% Maddenii Series) Large trumpet – truss.
- 19 - Maddenii Series Hybrid – (at least 50% Maddenii Series) Medium - Small trumpet – truss.
- 20 - Maddenii Series Hybrid – (at least 50% Maddenii Series) Medium - Small trumpet – spray.
- 21 a - Yakushimanum Hybrid – (at least 50% *R. yakushimanum*) – truss
- 21 b - Yakushimanum Hybrid – (at least 50% *R. yakushimanum*) – spray
- 22 - Seedling first time shown – truss

Medium Rhododendron Hybrid (Excluding Maddenii) – **spray or truss**

- 23 a - Medium Rhododendron Hybrid - Reds
- 23 b - Medium Rhododendron Hybrid - Pinks
- 23 c - Medium Rhododendron Hybrid - Purples and Lavender
- 23 d - Medium Rhododendron Hybrid - Whites
- 23 e - Medium Rhododendron Hybrid - All other colors
- 24 - **Small** Rhododendron Hybrid (Excluding Maddenii) – spray or truss
- 25 - **Dwarf** Rhododendron Hybrid (Excluding Maddenii) – spray or truss
- 26 - Vireyas – Species or Hybrid – spray, truss, or plant.
- 27 - Evergreen Azalea Hybrid – spray
- 28 - Evergreen Azalea Hybrid – truss
- 29 - Deciduous Azalea Hybrid – spray
- 30 - Deciduous Azalea Hybrid – truss
- 31 - **Big Leaf Rhododendron Species or Hybrid** – Truss, Foliage, or Plant (at least 50% Falconeri or Grande Series). No size limitations.

- 32 - **Foliage Species or Hybrid**, non-flowering stems. Limited in size to 24 X 24, except Big Leaf species which shall be in the Big Leaf Rhododendron Class.
- 33 - **Foliage Plant Species or Hybrid** – Rhododendron or Azalea with or without blooms. Judged on foliage and growth habit only. Plant must be in a 5 gallon or less container.
- 34 - **Blooming Plant Species or Hybrid** - Rhododendron or Azalea. Open blooms required. Judged primarily on bloom, size limited to 5 gallon or less containers.
- 35 - **Foliage Plant Large Species or Hybrid** - Rhododendron or Azalea with or without blooms. Judged on foliage and growth habit only with container size over 5 gallons.
- 36 - **Blooming Plant Large Species or Hybrid** – Rhododendron or Azalea. Open blooms required. Judged primarily on bloom with container size over 5 gallons.
- 37 - **Bonsai Species or Hybrid**
Rhododendron or Azalea conforming to Bonsai objectives of the appearance of age and the illusion of greater size. Plant and container judged as a unit.

Species

- 38 - **Species:** large sprays – all colors, including large flowered Maddenii Series and all other large truss rhododendrons.
- 39 - **Species:** *R. macrophyllum* - truss
- 40 - **Species:** *R. occidentale* – spray or truss
- 41 - **Maddenii Series Species** – large trumpet truss
- 42 - **Large Species** – Rhododendron truss (excluding large trumpet Maddenii Series, and Big Leaf series)
- 43 - **Medium Species** - Rhododendron or Azalea – spray or truss
- 44 - **Small Species** - Rhododendron or Azalea – spray or truss
- 45 - **Dwarf Species** - Rhododendron or Azalea – spray or truss

Hybrid Sprays: large sprays, including large flowered Maddenii Series and all other large truss rhododendrons.

- 46 - Reds (1, 14-17)
- 47 - Pinks (7-10 & 21)
- 48 - Purples and Lavenders (11-12)
- 49 - Whites (2-3 & 18-21)
- 50 - All other colors

- 51 - Under Age 18 – any spray or truss, any rhododendron species or hybrid, including azaleas
- 52 **Rhododendron or Azalea Flower Arrangements**
Rhododendron and/or azalea flowers must be the focal point but may be supported with other types of materials. Arrangements may not be more than 24 inches wide. Decorative wood may be used as line or container. Some fresh plant material must be used in all designs. No artificial flowers, fruits, foliage or flags are permitted, nor is treated or painted fresh plant material allowed. Painted or treated dry material may be used unless otherwise stated.
Accessories are permitted but must be subordinate. Plant material must dominate. Plant materials need not be grown by the designer, but the design must be the work of the exhibitor.
- 53 **Photographic Display**
Any single, series, or collection of photographs featuring rhododendrons and/or azaleas as the principle subject. Entries may be framed or mounted prints, black & white or color. Multiple photographs that constitute one entry should be clearly marked. **The maximum size for photographs is 16" X 20"**.
Professionals may be judged separately.

Selecting Entries

Selecting trusses for the annual show is not difficult, but it does require a little time and some planning.

Start by walking through your garden a few days before the show. This will help you to get a general idea of the flowers you will enter. Make a list and note whether the entries will be trusses or sprays – or plants.

The show committee will appreciate receiving entries on Thursday evening or Friday morning. If you plan to enter a lot of trusses and sprays, it's a good idea to at least get started a couple of days early. Some of us start cutting trusses on Tuesday.

Organize your containers before you pick the flowers. Once you've finalized your list, fill out your entry tags and have them ready. It will make things smoother when you get to the show with those entries.

If possible select trusses with straight stems and bloom at the top. Avoid those growing at odd angles. Select sprays that will display well in their containers. A little careful pruning can enhance the shape of the spray.

Avoid entries with bruises on the petals. Some rain damage may be inevitable, depending on weather the week before the show, but avoid such damage if you can. Choose trusses with one or two unopened buds. Those buds will open during the show, and judges often prefer one or two partially open buds.

Choose blooms with good foliage if possible, but some leaf damage will not disqualify a beautiful bloom. A little pruning may help, but don't prune too much. At least one whorl is highly recommended for a truss. More foliage is usually necessary for sprays.

Cut stems as long as possible. Short stems will be out of water quickly and the flowers will wilt. Cut up the middle of the stem to expose more of it to water, or scrape the bark away to expose the cambium.

Groom the entries by wiping dust off the foliage. A paper towel dampened in water will do. You may need to remove wilted floret or two, but be judicious about it. Sometimes, the brown flower bracts at the base of each floret need to be removed; other times, they can be left if they enhance the color and appearance of the truss.

Finally, don't crowd your trusses when transporting them to the show, as they can be bruised easily. It's better to make an extra trip to the car. Champagne bottles used to display trusses at the show will be provided in advance if you would like to pre-place and label your trusses in the bottles and bring them to the show ready to be placed in the class.

We would like to display as many flowers as possible at our show, so if you have a plant blooming in your garden please bring a truss to share at the show. Don't forget to bring your photographs to enter in the photo display.
